

National Hispanic Medical Association (NHMA) Partners with Vot-ER

STATEMENT ON NEW PARTNERSHIP:

National Hispanic Medical Association (NHMA) is proud to partner with Vot-ER, a nonpartisan, nonprofit organization empowering health care professionals to strengthen civic engagement and connect patients with voter registration resources. NHMA and Vot-ER recognize that health outcomes are shaped not only by clinical care, but also by the policies and systems that affect Hispanic and Latino communities every day. By combining NHMA's commitment to advancing health equity and Latino physician leadership with Vot-ER's mission to build healthier communities through inclusive democracy, we are helping ensure that Hispanic and Latino voices are heard where decisions are made.

"As we look ahead to the upcoming midterm elections, our friends at Vot-ER, the NHMA staff and I personally encourage all eligible voters to make a plan to vote and participate in the democratic process we often take for granted," said NHMA President Dr. Gilbert Burgos.

"Voting is one of the most powerful ways we can advocate for healthier communities and a more equitable future for all. The consequences of not voting can profoundly impact our ability to provide adequate care for all patient populations, and these setbacks can last for many years, profoundly affecting continuity of care and the management of chronic illnesses."

National Hispanic Medical Association

ABOUT NHMA:

Established in 1994 in Washington, DC, the National Hispanic Medical Association (NHMA) is a non-profit association representing the interests of more than 50,000 licensed Hispanic physicians in the United States. NHMA leads the transformation of health care by centering Hispanic and Latino physicians and communities as architects of equity and innovation. We amplify our collective voice to reshape policy, advance sustainable and just access to care, and cultivate a thriving, inclusive health care workforce. NHMA fosters a vibrant, connected network that promotes mentorship, professional growth and leadership among Hispanic and Latino physicians, while strengthening diversity and collaboration across the entire medical field.

ABOUT VOT-ER:

Vot-ER is a nonpartisan, nonprofit organization working to integrate civic engagement into health care. Vot-ER develops nonpartisan civic engagement tools and programs for every corner of the health care system – from private practitioners to medical schools to hospitals.

Our work is driven by a community of health care professionals, organizers, clinical students, and technologists united by a common vision: healthy communities powered by inclusive democracy. Together, we've expanded Vot-ER programs into over 2,000 health care centers and helped tens of thousands of Americans register and prepare to vote.

Founded in 2020, Vot-ER is a nonpartisan nonprofit at the leading edge of the civic health movement. We are rapidly growing with over 2,000 participating sites and over 80,000 health care professionals taking action inside their health care centers and clinics.
